

# ZD Wines

## Napa Valley

**Z**D Wines is a family winery dedicated to producing World Class Wines!!! Located in the Napa Valley on the beautiful Silverado Trail in Rutherford, the winery is owned and operated by the deLeuze Family. ZD Wines, although small in size, is big in reputation having been served at White House functions over the last three administrations, three times awarded the coveted Decanter Award in England and is distributed throughout the world in Countries including: China, Germany, United Kingdom, Japan, Sweden, The West Indies and of course the United States.

Robert de Leuze, ZD's winemaker grew up working in the cellars from the time he was 11 years old.

Robert learned how to make wine the old fashioned way. He worked side by side with his father Norman who was then co-winemaker with his partner.

Norman and his partner, named Robert ZD's winemaker in 1983 after he had worked his way up through ZD's cellars. Quality, Consistency and Style have been the motto at ZD Wines for years with only two winemakers in 32 years leading the way. Norman continues to work closely with his son Robert as he both manages ZD's two organic Estate Vineyards and runs the business operations.

ZD is known as the house of Chardonnay producing intensely flavored full-bodied Chardonnay that consistently unites fruit, oak and acidity. Creating Burgundian style red and white wines from the Carneros Region of Napa relays ZD's history best of all. Although it represents a small portion of what

ZD produces today, Carneros Pinot Noir has been produced by ZD for 32 consecutive vintages.

When visiting ZD's tasting room its hard not to notice the location, in Rutherford, which is one of the ultimate growing regions for Cabernet Sauvignon. ZD produces three Cabernet Sauvignon wines, which are all produced in such small quantities, that you have to be aware of their release dates in order to purchase them. In addition to the traditional Cabernet Sauvignon and the Reserve Cabernet Sauvignon, there is Abacus. Abacus is an ongoing "solera style" blend of every vintage of Reserve Cabernet Sauvignon ever produced. Abacus sells out the day it is released. Visit ZD and enjoy the beautiful surroundings and friendly staff.
